

NEWS OF THE DAY
FROM WASHINGTON.STILL WORKING ON THE TARIFF
BILL.

Rumors That Good Progress Has Been Made—Contested Election Cases in the House—Conferring About Behring Sea.

WASHINGTON, March 19.—There was no Sabbath quiet at the Capitol yesterday, because the democratic majority on the finance committee was there working over the tariff. Some of the discussion was over sugar some over the bonded period, some over the proposed abrogation of the Hawaiian reciprocity treaty, but more of it over various schedules and the valuation of packages in the administrative sections. The statement given out is that most of the differences were harmonized and that the majority will be able to present many of the completed schedules to the full committee to-day. Chairman Voorhees is still confident that the revised bill can be put into the senate to-morrow afternoon, or at the latest Wednesday morning. Since the understanding has been reached that the bill is not to be called up till April 2 the republican members will join with the majority in getting it out of the committee at the earliest possible date.

Most of Senator Allison's amendments in the administrative sections have been adopted by the majority. There is still some contention over the valuation to be placed on packages or coverings. Senator Allison has pointed out that the provision in the house bill caused great frauds under the tariff of 1893, whereas the section of the McKinley law relating to customs have, it is said, been satisfactorily administered.

HOT DEBATE PENDING.

It Will Arise on House Contested Election Cases.

WASHINGTON, March 19.—As soon as the sundry civil appropriation bill is disposed of the house will take up the four contested election cases—the O'Neill-Joy case from the Tenth Missouri District, the Williams-Settle case from the Fifth North Carolina, the English-Hilborn case from the Third California, and the Watley-Cobb case from the Fifth Alabama. The O'Neill-Joy and English-Hilborn cases, which were both decided against the sitting members (Reps.) by strict party votes in the committee on elections, are the most important, and will require the major portion of the time. If the contested election cases are disposed of this week, which is hardly probable, as the republicans will doubtless insist upon a democratic quorum, the house will proceed with the consideration of either the military academy or consular and diplomatic appropriation bills.

In the senate it is probable the fortifications appropriation bill will be reported this week. There will be an effort to dispose of the government printing site, the Russian thistle appropriation, and the McGarrahan bill, and of a large number of special bills on the calendar.

Supreme Court Full Bench Cases.

WASHINGTON, March 19.—The Supreme court of the United States will soon take up and hear arguments in those cases which it has been desired shall be heard before a full bench. The court has set the Indiana tax cases for a hearing before a full bench the 26th of March. Among the cases assigned for hearing April 9 is the interstate commerce commission against Brinson, from the northern district of Illinois; ex-Senator Edmunds appears in this case as the special counsel for the commission. There are upwards of twenty more cases awaiting argument before a full bench, but up to this time no steps have been taken to assign them for hearing.

Hatch's Bill Soon to Be Reported.

WASHINGTON, March 19.—Mr. Hatch and Senator Washburn say they are going to have Internal Revenue Commissioner Miller before Hatch's committee to-day to explain how the proposed tax could be collected. "The anti-option bill will be reported this week," said Farmer Hatch. "I will not say whether it will be Monday or Saturday, but it will be some day before next Sunday. We will not have to wait five or six weeks, by any manner of means."

Conferring About Behring Sea.

WASHINGTON, March 19.—Secretary Gresham and Ambassador Pauncefote are holding daily conferences over the Behring sea regulations. It is understood the present bone of contention is whether the *modus vivendi* is to be extended another year. Pending the settlement of this question all instructions to American naval vessels in the Arctic seas have been withheld.

Denver Union Depot Burned.

DENVER, Colo., March 19.—The union depot was discovered on fire about 12:30 o'clock Sunday morning in the second story, and spread with such rapidity that by the time the fire department arrived the blaze lit up all the lower portion of the town. The entire structure, extending from Sixteenth to Eighteenth streets, was destroyed. The building was of stone and was owned by the Union Depot company. It cost \$250,000; fully insured.

DEATH IN THE WIND.

A Terrible Storm Sweeps the Longview, Texas, Region.

LONGVIEW, Texas, March 19.—A destructive storm passed over this place at 1 o'clock this morning. Hailstones fell weighing fourteen to eighteen ounces. Chickens and turkeys roosting in trees were killed, while ducks, geese and hogs were pelted to death. At Lansing Switch the cyclone struck the house of John Caines, occupied by a family of negroes. The house was destroyed and six persons were killed, three mortally wounded and five seriously hurt.

Old man Alex. Lester was found entirely nude, fifty yards from the house, dead.

Alex. Lester, Jr., 18 years old, the mother, Sarah Lester, Robert Lester, Jasper Collins and Sissy Lester, 2 years old, were also killed. Sissy Lester was found several yards away in a treetop. Many other casualties are reported.

At Emery, the county seat of Rains county, the entire western portion of the town was ruined at 7:30 Saturday evening. Miss Easter Alexander, Eras Henry, George Walker and the 4-year-old son of Henry Murray, colored, are the known dead.

Three unidentified bodies were found north of Emery. The postoffice was used as a hospital and morgue.

BRECKINRIDGE DIVORCE CASE.

Nothing Known of the Proposed Action of the Congressman's Wife.

LOUISVILLE, Ky., March 19.—If Mrs. Breckinridge intends instituting divorce proceedings against her husband, the defendant in Miss Pollard's breach of promise suit, the fact is unknown to her relatives in this city. Dr. Preston Scott, Mrs. Breckinridge's brother, is at present in Florida for his health, but Campbell Scott and other members of the family are in the city.

Inquiries have elicited the information that the family of Dr. Scott knew nothing of Mrs. Breckinridge's alleged intention to sue for a divorce. They say the first intimation they had of any such intention on her part was conveyed to them by the press dispatches from New York. The Scotts are much annoyed by the light in which they stand and are seemingly greatly harassed by the various rumors afloat concerning the former Mrs. Wing's actions.

Gov. Altgeld's Health.

SPRINGFIELD, Ill., March 19.—For some weeks there have been rumors of various kinds afloat here concerning the health of Gov. Altgeld, but they can not be traced to any authoritative source. The fact that the governor is away again from the capital and is now reported as being at Biloxi, Miss., so soon after his recent trip to Hot Springs has given to these rumors the apparent semblance of truth, and it is known that a member of his household said some days ago that Gov. Altgeld's life will not be extended for many years, that it may not outlast the term of his governorship. Certain it is that his health is so precarious that he has almost decided to give up his senatorial ambition. He has not now the vigor or the inclination to engage in the strife. He has never fully recovered from the exhausting illness which prostrated him soon after the gubernatorial campaign of 1892.

All the Bank Officials Arrested.

EXCELSIOR SPRINGS, Mo., March 19.—All the officers of the bank of Excelsior Springs were arrested yesterday at instance of the school board. The bank held \$3,400 of the city school funds when it failed. The only security the school board has for the funds is a bond composed of members of the bank. The receiver has not made a statement, but the bank is believed to be in a rotten condition. The bank carried about \$8,000 in deposits and as yet no good assets are in sight.

Inter-State Democratic Association.

WASHINGTON, March 19.—A meeting of clubs from the various executive departments was held yesterday to form an inter-state democratic association to co-operate with national and state democratic organizations toward the success of the party in coming campaigns. Twenty-one states were represented in the meeting. A constitution and by-laws were adopted and officers elected.

Mrs. John W. Noble Expires.

ST. LOUIS, Mo., March 19.—Mrs. John W. Noble, wife of ex-President Harrison's secretary of the interior, died suddenly at her home in this city yesterday afternoon. She complained suddenly of dizziness and her maid caught her as she was falling, and before she could be taken to a couch she was dead. The cause of death was organic heart disease.

Will Not Surrender da Gama.

RIO JANEIRO, March 19.—Judging from the course of events here it is thought the Portuguese government does not intend to honor the request made upon it for the surrender of Admiral da Gama. Yesterday the Minde and the Albuquerque, another Portuguese warship, having on board Admiral da Gama and seventy of his officers, put to sea.

Wreaths on Rioters' Graves.

Thousands of persons assembled in the graveyard at Friedrichshein, where are buried many of those who were killed in the rioting in 1848. Many wreaths were placed on their graves. There was no disturbance.

Louis Kossuth Is Better.

TURIN, March 19.—The condition of Louis Kossuth has improved.

DENVER RIOTERS
DEFY THE COURTS.THE DENVER TROUBLE NOT
YET SETTLED.

Gov. Waite's Opponents Say They Will Refuse to Abide by the Supreme Court's Decision—The Situation at Cripple Creek.

DENVER, Colo., March 19.—Gen. McCook yesterday withdrew the federal troops from this city to Fort Logan. The proceedings against Mayor Van Horn and Police Commissioner Rogers, Barnes and Mullins for contempt of court in having violated the injunction issued by Judge Graham on behalf of Messrs. Orr and Martin, the commissioners removed by Gov. Waite, will come up before Judge Glynn this morning. Judge Graham having gone on a vacation. The hearing will probably be postponed until after the case in the Supreme court, submitted by Gov. Waite for the purpose of ascertaining who are legally entitled to act as commissioners, is disposed of. It is set for hearing this afternoon.

The situation is still critical, for Orr and Martin, acting on the advice of their counsel, declare they will not be governed by the opinion of the Supreme court, but will insist on holding office until a decision is obtained in a regular manner in the case pending in the District court. Their attorneys have definitely decided they would not take part in the argument, and the hearing, they say, will be ex parte and not binding. It is even doubtful if the Supreme court will give an answer to the questions submitted by the governor. In that event the governor may renew his attempt to clean out the police department by force.

Speaking of the issue presented to the Supreme court the governor said: "If I ever again call out the troops to act in Denver, of one thing I am assured, that the force will be large enough to do the work. If I have any doubt as to the power of the national guard to carry out the object for which it is summoned I will call upon the unorganized militia of the state to come to our assistance."

A committee of safety has been organized with the following executive board: Donald Fletcher, E. Monash, J. H. Brown, ex-sheriff Michael Spangler, and John D. McGilvray.

NOT GUARD PRIVATE PROPERTY.

Gov. Waite Says Troops are Only at Cripple Creek to Keep Peace.

DENVER, Colo., March 19.—Gov. Waite again finds himself for the second time commander-in-chief of an army in battle array. At 10 o'clock yesterday morning a telephone message from Cripple Creek announced that Adjutant-General Tarsney wanted to talk with him. He reported that a hot fight was imminent. Sheriff Bowers of El Paso county was called up during the afternoon and furnished details of the movements on both sides, saying the miners were securely situated on the top of Bull Mountain and the force at hand was entirely inadequate to capture the stronghold. The angry miners far outnumbered state and county forces, and any attempt to scale the hill would be met by a shower of dynamite, rock, and bullets that meant destruction to the advancing party.

The reports showed such a serious condition of affairs that the governor desired to confer with a representative committee of strikers. Gen. Tarsney was ordered to visit Bull Mountain with the proposition and guarantee military protection and safe return of the men to their stronghold. It is probable the governor will go to Cripple Creek if the telephone conference does not end hostilities, which is improbable. An interesting question has arisen—is the governor or the sheriff of El Paso county in command of the troops?

"Upon one point I am firmly decided," said the governor. "The state troops shall not be used in guarding private property. Troops are to be used in preserving the peace and preventing actual conflict between the miners and mine owners, but beyond that they should not go. This question of hours and wages must be settled without the power of the state being exerted to shoot down its citizens. I want it distinctly understood that the troops are at Cripple Creek to prevent violence."

A conference between union miners and the officers of militia was held last night. The miners claim that there has been no resistance to the serving of processes, and the sheriff was invited to go out without military accompaniment. They promise no resistance.

May Lead to New Troubles.

BANGKOK, March 19.—Phrayot, the Siamese mandarin charged with the murder of the French inspector Grossgurun and his Anamese escort, has been acquitted on all the charges made against him. The decision is likely to lead to complications, as the murder of Inspector Grossgurun was one of the incidents which led to the Franco-Siamese war. France refuses to evacuate Chantaboon until the culprits are brought to justice.

Poisoned Himself and Son.

SAN ANTONIO, Texas, March 19.—Mrs. Rosa Brown, a boarding-house keeper, mixed strychnine with the tea last night and forced her son, aged 10, to drink it.

SHIP ON THE ROCKS
AND OFF AGAIN.THE STEAMER LA BRETAGNE
ASHORE NEAR NEW YORK.

Accident Due to a Dense Fog—The Vessel Carried Upward of 600 Passengers and a Large Crew—Believed to Be No Immediate Danger.

NEW YORK, March 19.—The French line steamer La Bretagne, which went on the rocks in a fog, was floated off at 8 o'clock this morning. She was not in any danger. There is not much sea on and the wind, which is coming out of the south, is blowing only a light breeze. The captain of the steamer sent a boat ashore with a message to be sent to the agents of the company in New York, notifying them of the accident. None of those in the boat would give any details or explanation of how the accident occurred.

Men from the life-saving station have gone to the scene of the accident to give whatever assistance they may be called upon to render. It is not believed, however, that their assistance will be required. The steamer cannot be seen well from the shore, but to all appearances she is not hard aground and is resting easily. Until the fog lifts it will be impossible to describe her exact position. La Bretagne is a four-masted vessel of 6,985 tons gross and 4,142 tons net. She is 482 feet 5 inches long; 52 feet beam and 37 feet 8 inches depth of hold.

MURDER AND SUICIDE.

A Shocking Crime Committed in a Catholic House of Worship.

OAKLAND, Cal., March 19.—John Brady shot and killed Mary Brady, his wife, and then committed suicide yesterday in the Church of the Immaculate Conception in this city. Brady and his wife had been separated about two years. He was dissipated and appears to have harassed the woman a great deal. Yesterday morning Mrs. Brady went to mass, arriving after the services. She entered the church and knelt down to pray near the altar. Brady entered and took a seat behind her. No others were in the church. Suddenly Brady drew a pistol and, placing the weapon to the back of his wife's head, drew the trigger. The woman was killed instantly. Then Brady pointed the pistol toward his own body and fired, the ball going through his right lung. Meanwhile the noise of the shots had attracted back to the church many persons and they rushed forward to overpower Brady. He brandished his pistol wildly and threatened to shoot any one who advanced. Then Brady placed the pistol to his forehead and shot himself dead. Brady was probably deranged.

Sixty arrests were made.

GATHERING AT MASSILLON.

Coxey's Peace Army Growing—Say There Will Be No Trouble.

MASSILLON, Ohio, March 19.—The commonwealth is growing apace. Yesterday afternoon Coxey and Browne spoke to a large crowd gathered on the public square. A people's party ticket was placed in nomination and unanimously endorsed. People came to attend the rally from points as far distant as Columbiana. Tenders of assistance are reaching the general by every mail. The letters received by Coxey and Browne are of great variety and startling oddity. A few of them contain threats, but the great majority offer sympathy and engagement.

Yesterday several letters reached Coxey and Browne from various parts

REACH NO AGREEMENT.

Unsatisfactory Outcome of the Union Pacific Wage Conference.

OMAHA, Neb., March 19.—There is an ominous quiet brooding over the Union Pacific wage question. The telegraphers have not succeeded in convincing the representatives of the receiver that they should not be classed with the monthly-salaried men. After the telegraphers come the engineers and firemen. They have hope of agreeing on most points with Mr. Clark. Trainmen and conductors say they may as well go home. Their main difference is a change in rules, which is not to be considered in conference. At present their overtime runs after they have been out twelve hours; under the new rule it will not begin till they have been out twenty-one hours. This will operate to deprive them of any overtime, except in case of wreck or other unusual event. The men are not inclined, however, to abandon the conference. Grand Chief Wilkinson of the trainmen reached here yesterday.

Chicago Board of Trade.

CHICAGO, March 17.—Considering that the Chicago wheat trade has been waiting for weeks for a cash business to start a bull market there was a remarkable indifference to all influences this morning. Bradstreet's gives wheat and flour at 3,358,000 bu compared with about 2,500,000 the week previous and about 2,800,000 a year ago. The general belief also favored a decrease of nearly 2,000,000 in the visible supply for Monday. But the export clearances was accompanied by the prediction that the country can spare feed and seed for four months and export 16,000,000 a month for the same time, and still have good reserves July 1. The May price started a fraction higher at 58½c, touched 58½c, made a little buge to 58½c at the first hour. When the bull market failed to appear the pit became dull and the market heavy, and there was a dragging decline to 58½c after 11 o'clock, and near the close held barely at Friday closing price at 58½c. The story of wheat out of condition in a vessel in the river started the story of weevil, and this was the chief cause of the late selling, although the arbitrator in the case said the cargo was simply wet by a leak in the hatch of the boat and not over 600 bu to be replaced. On the late selling May wheat went to 58½c with no rally.

The only thing to prevent heaviness in corn was a great bull market in wheat. This last backset in wheat has left corn without a prop. Once the price for May got under 37c there was heavy selling by all classes, with, perhaps, some raiding by the late bull houses to make a market to buy on. The May opened 37½c and broke to 36½c; July 38½c to 37½c. Corn closed with ½c rally from the bottom at 36½c May, 37½c July.

Demand Abolition of the Lords.

LONDON, March 19.—An impressive demonstration to protest against the action of the house of lords in rejecting the employers' liability bill was held yesterday in Hyde Park. It is estimated that 80,000 persons were in attendance. There were twelve platforms in the park from which the speakers addressed the throng. There was no trouble of any kind reported, and after the adoption of resolutions demanding the abolition of the upper house the crowds quietly dispersed.

J. S. COXEY.

of Pennsylvania saying that Gov. Pattison has ordered Sheriff John Moon of Green county to meet the army on the state line and read the riot act. The general at once wired the governor and received the following reply:

"The sheriff of Green county knows his duty and I have no doubt will fully perform every requirement of the law."

A Massillon lawyer who has just returned from a trip through southern Pennsylvania says the whole country is excited over the coming of the commonwealth army and that in towns where militia companies exist special drills have been taking place almost nightly in anticipation of a call from the governor. Coxey and the other men in charge of the movement are confident there will be no trouble during the march to Washington.

KNIVES, GUNS AND RAZORS.

One Man Killed and Four Others Dangerously Hurt in an Alabama Quarrel.

PRATTVILLE, Ala., March 19.—Moses Thomas and Henry Atwood, two well-known young men, had a quarrel last night about a debt the former owed the latter. Knives were drawn and they came together. Atwood's two brothers joined in the melee to help him and William Thompson gave help to his brother. Knives, pistols and razors were freely used for ten minutes and when the constable stepped in the following damage was done:

M. CHENEY, a bystander, cut in the arm and shot in the head.

HENRY ATWOOD, both ears cut off; shot in the head; jugular vein exposed; will die.

WILL THOMAS, cut about arms and shoulder and shot in the hip; may die.

GILMORE ATWOOD, shot in the right side and cut in the neck; wounds dangerous.

MOSE THOMAS, cut in the left breast and head.

BOMB THROWERS ALL INSURED.

London Anarchists Are £8,000 Richer by the Death of Vaillant.

PARIS, March 19.—The Gaulois says that the anarchists in London have been paid £8,000,000 insurance on the death of Vaillant, the anarchist, who was recently executed as a result of his conviction for throwing a bomb into the chamber of deputies. The Gaulois adds that the life of Pauwels, the anarchist killed by the premature explosion of a bomb which he was carrying into the Church of La Madeleine, was insured. Henry, the anarchist who threw the bomb into the cafe underneath the Hotel Terminus, is also insured.

Iowa Temperance Matters.

DES MOINES, Iowa, March 19.—There is considerable caucusing in progress among the republican members of both houses over the situation on the temperance question. Senator Waterman is in favor of calling another caucus and receding from the amendment striking out the reference to spirituous liquors. The matter will come up again in the senate to-morrow on the motion to reconsider the vote by which the bill failed of passage and if by that time the prohibitionists have been able to secure the votes necessary to pass it, it will be modified in the manner asked for by them.

Smallpox at Ishpeming.

ISHPEMING, Mich., March 19.—A case of smallpox was discovered in this city last night. The victim is Martin Lucas, a young Englishman who arrived here from Spring Valley, Ill., last Tuesday. Every precaution is being taken to prevent the disease from spreading. Special police officers have been detailed to guard the premises, and all the inmates are being confined to the house. The city is not provided with a pesthouse, but it is probable that one will be erected soon.

SAYS THE SCHOOL IS LARGE ENOUGH.

B. B. ELDRIDGE DECLARES THE CITY NEEDN'T BUILD.

Present Structure Cannot Be Used for Anything Except High School Purposes and Janesville Cannot Afford to Let the Land Revert to the County.

EDITOR GAZETTE: Your notice published on the 12th instant, headed "New High School" is misleading rather than instructive on the subjects under consideration at the citizens' meeting therein referred to. I was present at such meeting and cognizant of all the pertinent facts presented and their bearing. As respects the number present, including those drawn there having other motives than the consideration of the proposed school question, was not at all gratifying to me, at least, having at all times taken a lively interest in educational facilities. In fact the sparsity of the attendance was evidence to me, either of a great lack of interest on the subject, or that the people had surfeited of the periodical agitation of this subject on occasions ever incident to the advent of a new supervision of our schools, and laudable ambition thereof, or otherwise, of achievements surpassing all predecessors. The proposition is: shall not the ensuing charter election vote to authorize those having charge of the matter to create an indebtedness for us to pay of fifty thousand dollars for erecting and equipment of a new high school building, and the sub-propositions that the site of the high school be transferred to a point in Lane's subdivision of lot 176, at the intersection of High and Dodge streets, in the Fourth ward, and that the present high school building be hereafter devoted to the uses and purposes of a district school for the Third ward.

At the meeting many and various reasons of more or less importance were advanced in favor of these propositions to which I shall hereinafter refer. And the following facts were also developed, to wit:

1. That the present high school site in the year 1857 was conveyed by Rock county to the city of Janesville "for the use and purpose of erecting thereon public school buildings other than for district or union schools by the city of Janesville, and for no other use whatsoever;" and "that in case the said city shall not proceed in good faith to erect the public school buildings above set forth, within five years from date, then the said block shall remain county property."

2. At this time there are in the city, including the high school building, seven public school buildings, to wit: the high school building, a district school building in the First ward, a district school building in the Second ward, two district school buildings in the Fourth ward and two district school buildings in the Fifth ward.

3. The average number of pupils at this time attending the high school department is from 200 to 220 of which number some fifteen are not residents of the city.

4. The high school building is also, at this time, devoted in part to the uses of a district school for the Third ward. And that the average number of pupils of such school in attendance is about 330, and is greater than the like attendance of any other district school in the city. And also that this building is the only one of the city schools in any manner crowded. On the contrary the First ward district building can accommodate more pupils than now in attendance there.

5. It was claimed by those favoring the propositions, including the creation, at this time of this large indebtedness by the city, and as an argument therefore that the high school building was not sanitary and was in a manner inaccessible, by reason of its location on elevated grounds, and therefore the site for high school purposes should be changed to the low grounds mentioned.

6. It appeared that the high school building, is now, so far as space is concerned, sufficient to accommodate four hundred high school pupils. And that it could be rendered sanitary and in all respects suitable for the 330 and more when required pupils of the Third ward district school. And it was urged that this building should hereafter be devoted to the latter purpose.

Consistency is a jewel in all matters and at all times. I am at a loss to comprehend the logical deduction. If this building can be made sanitary and in all other respects suitable for the district school purposes mentioned. Why cannot it by the same means, be made sanitary and suitable for our high school purposes?

And it is both pertinent and proper at this time, and before committing the city to a course of action which may prove detrimental, to determine the fact whether Rock county on high moral grounds, by reason of its paramount interest in the present high school grounds, may not be induced to intervene, should the city essay to use such grounds for purposes other than those expressed in its conveyance of the same to the city; and whether on equally high moral grounds the city shall be able, after its acceptance of the donation on the terms mentioned, to refute the claim of the county. And in considering this matter it is to be presumed that the county will intervene in case of failure on the part of the city to faithfully discharge the quasi trust by it assumed to execute; and who of us can say it should not assert its rights to the utmost extent? Our standing in

a moral view would be extremely slight.

As to location, none better as respects light, air, health and all sanitary facilities, and the accommodation of the city of the future, could be selected. The argument of some as respects the difficulty of approach, would be abandoned by them, did they but see, as the subscriber, on all school days during suitable weather, the busy and joyous throng of these same pupils, attending this school from all quarters of the city, in their rollicking runs and sports upon these spacious school grounds; and would unite in characterizing this pretense of hardships of approach as purely sentimental. The child of the future should have out-of-door exercise in the pure air and unobstructed sunlight of elevated grounds. Such exercise expands and enlarges the physical being and clears and strengthens the mental capacity of the child. For educational purposes such locations are universally selected. But my friend Norcross, mentioned in your notice, says, "They want it, and we should let them have it." To test his sincerity in this regard, permit me to suggest by way of inquiry, if the people, any number of them, wanted him to illuminate the city for all time or shorter time by his air light? would he do it on their suggestion of the want, without further consideration? I don't believe he would. He does not do business in that way; he does not give something for nothing. And here permit the query: If it be more exhausting or of greater hardship, for a pupil resident in the Fourth ward to attend the high school as located, than for one resident in the Second or Third wards, for that purpose, to descend to and return from any point in the Fourth ward? And if not, why suffer this large indebtedness to be created at this period of financial distress, when the small real estate owner can barely save his little home from sale on account of his present taxes?

The site for high school building proposed by the commissioners is utterly unfit for the purpose. It is too diminutive. It is within the range spread and influence of the miasmatic emanations arising from a polluted and fetid river and deleterious business, which should by all means be avoided in the location of educational buildings of this character. We know what our country and cities were but a few years since. We have witnessed their rapid growth and spread, and partly at least, comprehend their advancement and immensity in a business point of view and may if we will by the retrospection partially grasp and appreciate their extent and vastness in the future. It will be but a few years in the future when all that section of the city west of the river and south and east of the present railroad lines will be devoted to business purposes,—manufacturing buildings and warehouses of every description will fully occupy the space and the ground be gridironed, so to say, by switch and other tracks of the railroad to accommodate this business locality and thereby render it unsafe for school children to pass over this section of the city. When that condition in school facilities exists it will then be necessary probably to divide the high school department and erect buildings to meet the contingency to the westward of the railroad tracks outside of business influences.

Were it advisable to change the site, or not, and construct a new high school building the sum of \$55,000, proposed for that purpose is grossly inadequate. We should build having the future in view, the building should be sufficient to accommodate 600 pupils, perfect as possible in all its sanitary arrangements, not only comely but beautiful in its architectural effect, heightened by the natural beauties of the place and upon which we may be pleased to look and admire. The furnishings should be in keeping with the building and the school supplied with all the modern appliances, chemical, philosophical, astronomical and otherwise, whereby knowledge in these latter days is communicated in such schools. Such building and equipment will cost not much less than \$100,000. But it has been said the insane asylum will cost but \$90,000. You will bear in mind, gentle reader, that we will be building for the living and progressing; who have the right to demand, not only the necessary facilities for educating their children, but that their taste be gratified.

The pupils of the Third ward district are entitled to the legitimate and commodious school facilities as the other wards. They were originally placed in a portion of the high school building as a temporary expedient but have causelessly and wrongfully been detained there for over thirty years, without legitimate and separate district school facilities, while the other districts of the city have been, and now are, abundantly provided in that regard at the expense of the entire city. It is not only contrary to justice that this condition in school matters should have existed in the Third ward, but it is morally wrong that the child pupils of the district schools should be placed in the same buildings on grounds occupied by the older pupils of the high school department.

To obviate the crowded condition of the high school building, give to the Third ward such district school facilities as should in justice have been granted to it years ago, in furtherance of this object. And if, as claimed, the high school building is not sanitary, make it so, when both of these objects will have been accomplished at a cost not exceeding \$15,000, instead of the needless expenditure, at this time of financial stagnation, of \$55,000 to accomplish the same object.

There is no public building in this city whether school building, church, court

house or otherwise which is strictly sanitary, or in near approach to that condition, and I cannot contend or admit that any can be in advance of proper sewerage. But where proper sewerage exists that condition may be approached, and where an undue unsanitary condition exists, either with or without such sewerage, the cause is traceable and can measurably be remedied. But without proper sewerage no public building can be made fully approaching a sanitary condition or to remain in the same condition any length of time, though constructed in all other respects in accordance with modern sanitary ideas and plans, and if so constructed and used as planned, it will not continue in its original sanitary condition for a period of six months. So I claim that should the city build a new high school building at this place indicated by the commissioners, or at any other point in the city, in advance of the proper sewerage thereof, the sanitary condition of such building would, in a short space of time, be no better than the present high school building. Proper sewerage, in this country of drift formation is especially of prime necessity for the health of all our cities, and should precede the construction of all expensive public buildings.

FINE ST. PATRICK'S DAY CONCERT.

A Program That Was Much Enjoyed Was Presented Saturday Night.

The St. Patrick's day concert at Columbia hall Saturday night was much enjoyed. The program was a pleasing one and numbers were assigned to Smith's orchestra with Miss Sarah Hickey as pianist; the Amphion Quartette, composed of D. D. Bennett, J. H. Burns, William Garbutt and A. J. Bouchard; Mrs. James Whittaker who gave an essay on Oliver Cromwell; Charles C. Cunningham who sang "The Girl I Left Behind;" "A Tipperary Christening" as an encore; Mrs. James M. Finley who sang "Come Back to Erin;" Misses Marie and Kittie Crowley who rendered a piano duet "Neck and Neck;" Miss Mary Riley who sang "Annie O' the Moy;" Miss Susie A. Rowe, of Kenosha, who recited "An Irish Soldier's Ode to Miss Columbia;" and Miss Kathryn Morrissey who sang "The Irish Are True." Rev. D. C. O'Brien, of Chicago, delivered the address of the evening, and Rev. Dean McGinity presided. The concert was a fitting end to a most enjoyable day for the Janesville Celts.

SPECIAL OFFICER ROOT ARRESTED

Lounger Raised a Disturbance, and Root Hit the Wrong Man.

When Special Policeman James Root, of the Light Infantry armory, opened the hall for the dance Saturday night, he scented trouble in the air. A crowd of men were lounging about the hall and made him some trouble. He had to put one of them out of the hall, and later, he saw, as he thought, the same man come back. He struck the fellow on the head with his cane and cut his scalp before he saw that he had tackled the wrong man. The crowd threatened Root, so Officer Kruse took him to jail for safety as much as anything else, and yesterday he was liberated. Captain Glass says that the disturbing element about the Armory must be kept away. They do not seem to realize that Root has as much police power as Officers Hogan and Kruse or any other appointed officer. He was appointed by the mayor and has full police authority.

Pugnacious Fisherman Gets Himself in a Bad Plight on the Catfish.

That was an ugly fight near the Catfish dam in Stoughton. Two men were fishing there and got into a quarrel. One of them, in attempting to hit the other with his fish rod, drove a couple barbed hooks into his own neck, and in a scuffle that followed both men fell into the river and one held the other under the water until he was well nigh drowned.

HID A SKELETON BEHIND A FENCE

Merritt Gordon Is Scared Out of Two Weeks Growth.

Merritt Gordon was scared out of a two week's growth by finding a full sized human skeleton in a paper wrapping back of a fence, in Whitewater. It was decided that it had been used for scientific purposes and was given proper burial by direction of the mayor.

Guessed Correctly.

Customer—I guess you were right in calling that clock you sold me a week or so ago "artistic."

Dealer—Oh, yes; those clocks are made from designs by —

Customer—I was not alluding to the design. I have found out, though, that it is a most artistic liar in the matter of telling time.—Indianapolis Journal.

Tragedy.

When Mary Hannah's dress was done, The neighbors all came in to see, And gazed and "my" and "oh" and "ah" Till she was proud as proud could be. The day was mild and the sun shone bright, So, yielding to the neighbors' talk, She thought to put the garment on And go out for a little walk.

The stunning gown was donned, and then She cried for half a day or more— The sleeves, alas, were made so wide She couldn't get them through the door! —Indianapolis Journal.

Not a Bad Suggestion.

Mr. Upton Boulevard had put on his overcoat and hat and was about to leave the house to go to his place of business when his youngest child called him back.

"What do you want, Tommy?" asked Mr. Boulevard.

"Don't you think you had better kiss your wife before you go to your business?" replied the promising youth.—Alex Sweet, in Texas Sittings.

VOTE BEGINS APR. 2 FOR THE PIANO.

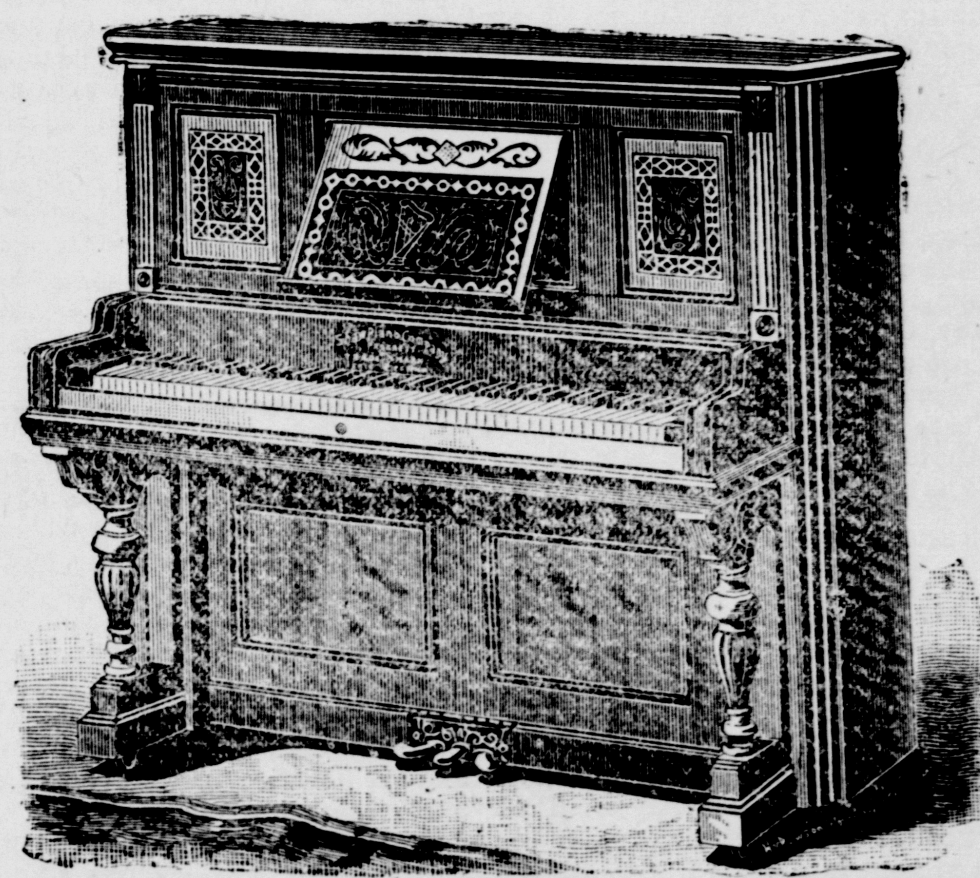

GAZETTE MAKES A \$450 OFFER TO ITS FRIENDS.

Each Day a Ballot Will Be Printed, and the Young Lady Whose Name Appears on the Most Blanks June 30 Will Get the Handsomest Piano \$450 Will Buy.

Some Janesville young lady will be given a \$450 Shaw piano free July 1. Now everybody listen.

A \$450 piano means as fine a piano as anybody in Janesville owns. And that is just the kind The Gazette means.

S. C. Burnham & Co. testify to the quality of the instrument. It is from them that the instrument is bought, and in their show window it will be

displayed. By next Wednesday it will probably be in place, as it is now on way from the east, having been ordered two weeks ago.

A valuable prize has never been offered by a Wisconsin newspaper. By April copies of The Gazette will be 'way above par.

The only limit to be imposed is that the young lady who wins the piano must be one who provides for her own support. Teacher, clerk, typewriter, milliner, dressmaker, book-keeper, it is all one, so long as she maintains herself by her own efforts.

How will the winner be named, do you ask?

By ballot. A coupon will be printed in the Gazette each night from April 2 until the contest closes.

Rules of the Contest.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming off the dotted lines) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

4. After Monday April 2 the ballot will be printed in the Gazette every day.

5. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

6. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

7. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No artifice or unfair advantage will be taken or allowed in any case.

AN HISTORIC CLOCK.

Which Ticked While Washington Was at the Lodge.

The grand lodge of Masons in New York has just come into possession of a very interesting relic in the shape of a grandfather's clock that struck the hours for Yorktown lodge in the troubled days when George Washington, Lafayette and other officers of the Continental army used to visit it and attend its sessions. The lodge ceased to exist in 1812, and the old clock was probably sold with the rest of the furniture. It was unearthed in a Baltimore pawnshop by Dr. A. B. Lyman of Lyman, Md.

The doctor, who is a prominent Mason, had his attention attracted by the figuring on the dial, which proved to be a Masonic block. He traced back its history and established beyond doubt that it was made for the Yorktown lodge in 1781 by John Fisher, whose name and home town are engraved on the dial. Remembering the

WALKING TOILETS IN SERGE AND CHEVIOT.

They Seem Severely Simple After the Frills of the Prevailing Mode.

Serge and chevrot are the favorite materials for walking toilets this spring; then come the fancy weaves in light woolen fabrics and boucle effects. The various shades of green, brown and purple prevail, and black is also popular. Sleeves are cut in one piece from shoulder to wrist, or are made with one or more puffs extending from the shoulder to the elbow, but in all cases they are very tight around the forearm. Plain tailor made styles are still in vogue, and the vest has not declined in favor, while revers are seen on almost every description of bodice, from the morning jacket to the ball corsage.

Beside the galleons, passementerie and artistic buttons which are employed as trimming for street gowns, they are often rendered more elaborate and striking by the skillful introduction of a small quantity of

HOUSE FOR A DOLL.

A Homemade Affair Constructed Out of Heavy Pasteboard Boxes.

Perhaps the mothers may get a suggestion from a description of a doll's house made by a correspondent of The Housekeeper for her little girl. Here is her description:

I procured two large boxes made of heavy pasteboard and placed one on top of the other, thus making a two story house. The open side of both was left at the back, so the little housekeeper could readily arrange her furniture to suit her fancy.

Before placing the boxes together I cut an opening in the front of the lower one for a door. The piece cut out was pierced with an awl at proper distances from top and bottom and corresponding holes pierced in the sides of the opening. Through these holes strong thread was passed and tied securely, not too tight, and our door had hinges and would swing. A white button with a shank was passed through the door and made the knob. Over the door in the second story was cut an opening for a large window, and to ornament it a fancy paper border was pasted around to form a casing. The front door had a similar casing.

The whole front of the house was rendered fanciful by gluing firmly on a picture frame of pressed paper, in gothic shape, just the size of the boxes, forming a pretty gabled front. These paper frames can sometimes be found on cheap pictures in the novelty stores. One could cut a pointed piece of pasteboard for the gable if she chose. On the sides of each box I cut openings for the windows, two for the first and two for the second story. After the windows and doors were all cut the boxes were firmly sewed together and the whole outside papered with white paper. From a green pasteboard box I cut blinds, and after lining them with a lead pencil in imitation of slats they were hung, like the door, to open and shut.

The outside being finished, the interior decoration next claimed attention. The ceilings and side walls were decorated with wall paper, and the carpets with borders were also of wall paper. "Shelf paper" formed lace curtains for windows. One could use bits of lace or the lace paper that comes in boxes of candy or fancy soap. From a handsome brown pasteboard box a parlor set was made—sofa, easy chairs, center table, etc.

A chamber set consisting of dressing case with mirror, commode, bedstead and three chairs, with a smaller bed for the baby, was made of red boxes and trimmed with bands of gold paper. A china toilet set, such as can be bought at any toyshop for a few cents, furnished the commode. A quilt, with lace trimmed pillows for each bed, completed this chamber. From a black box a cookstove was made, set on four twist spoons, blackened with ink; a bit of black paper rolled around a stick and glued to position for the pipe. A tiny set of china dishes was added.

Pretty Styles In Dress Waists.

When the home dressmaker feels nervous about fitting a waist, a very good plan is to get a good pattern, cut the lining by it and sew part of the seams. Then plait or drape the material on it, cutting it and sewing in with the seams whenever necessary. A very pretty style, and one that is not hard to make, has the material gathered into the neck at the front and back, the fullness confined to the waist by a girde belt. The neck is furnished with a plain turndown collar, and the sleeves are leg o' mutton shape.

Another is very much like the shirt waists worn last year, with the addition of a derby collar. The surplice waists have never lost their popularity and may be seen in all kinds of fabrics from calico to silk. There are a great many pretty and becoming styles in round waists. Some have square, round or pointed yokes and deep cuffs, contrasting in color with the rest of the waist. Two materials may be utilized in this way where there is not enough of one.

Silver Mounted Horns.

The mounting of deer horns as vases and objects of art has been brought to high perfection. The end is covered with perforated silver. Another band encircles the body, and the tip is mounted and frequently sealed with a lid. Even cow horns are not scorned for this purpose where one has a pet cow to be memorialized.

Neat Traveling Costume.

A handsome and appropriate coat for journeyings by rail, or for short trips in the city when plain costuming is desirable, is a long cloak of tan colored cloth fastening at the side and braided in black, as described in the New York Her-

A YOUNG GIRL'S FORTUNE.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her usual lessons. In fact, we feared St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Nerveine she now weighs 105 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health Dr. Miles' Nerveine has brought her. When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort we sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. R. Bullock, Brighton, N. Y.

Dr. Miles' Restorative Nerveine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from opiates or dangerous drugs.

ly. There are a certain number of novelties put out every season that for some reason, good or bad, do not hit the fashionable fancy, and so the shelves of the shops are clogged with them.

There are occasionally, on the contrary, other novelties that at once spring so unexpectedly into popular favor that dealers find that their caution in buying has resulted in their stock of the goods running out during the very height of the demand for it. As it takes about six weeks to order and obtain goods from manufacturers in the other hemisphere, establishments are often timid about sending for another lot, fearing that by the time the second consignment arrives the popularity of the material will have waned.

Sleeves of different material from that of the gown are still seen, especially on elaborate toilets. Rich fabrics, of which a wide variety is shown this spring, are used for this purpose and are also employed for the berthia or the front of the corsage and occasionally to form a panel in the skirt. Fine brocades and damasks are thus utilized, and both plain and embroidered velvets, while the body of the gown is of silk or wool goods. A charming costume made of hazel nut brown drap de soie is cut in princess form and closes invisibly in front. BOTH FALSE AND UNFAIR

The gentleman who writes letters to himself in the Recorder, and sits up nights trying to devise means to injure Judge Bennett's reputation in the judicial campaign says that he did not intend to be unfair when he published the statement that the judge had had sixty-eight cases reversed in the supreme court, without giving the number in which that court had affirmed the judge's decision. He now states that the whole number of cases appealed is 174, and admits that in 106 of them the supreme court sustained Judge Bennett's decision.

Had the gentleman desired to be fair, he would not so carefully have concealed that portion of the figures in his first article. He has apparently yet to learn to tell the whole truth while he is about it, and not to state half of it and withhold the other half for the purpose of creating a false impression. And he now convicts himself of precisely what he is trying to deny.

A little investigation has also shown that even the half statement first published is grossly false and inaccurate. He has put into his list and advertised as cases decided by Judge Bennett which were reversed by the supreme court, five cases, we have so far observed, which were not decided by Judge Bennett at all, but which were tried and decided by Judge Conger. The titles of those cases are:

Farmer vs. Sprague, City of Fond du Lac vs. Moorestal, Cutts vs. Rock county, Davis vs. C. & N. W. Ry. Co., and City of Watertown vs. Robinson.

A man who will publish an article so false as that intended to injure another man's reputation as a judge, is utterly unworthy of confidence. If it was done through carelessness, it is all the more inexcusable because the writer is a lawyer, and is supposed to know the value of accuracy in such statements. He is fully as culpable under the circumstances as if he knew it to be false.

In view of this, the pearl of wisdom which he offers, that "success in politics lies in the fact of being able to make a point on your opponent which he must admit, or the truth will swamp him," is very pertinent, and we invite him to give it his own serious attention.

He also challenges the world to dispute the accuracy of the statement that he makes. This is in keeping with the bombast and reckless statements in which he indulges. We have already shown enough to hang him, but we will also point out that when he says, as he does twice in his last article, that "68 is more than 40 per cent of 174," he makes a most ridiculous blunder; and if he inquires of any schoolboy, he will learn that it is less than that instead of more.

But as the result of his investigations this gentleman has again given most convincing proof of the ability, justice and fairness with which Judge Bennett has performed his duties. We had supposed that out of the vast

number of cases tried by Judge Bennett many hundreds must have been appealed. The writer says "but 17 cases decided by Judge Bennett have been appealed from." If that is true, and it appears now that it is even less than that, there could not be a better commentary, or greater praise than such a result of 12 years' work, when one reflects that the number of matters which Judge Bennett has decided in that time runs into the thousands. And appeals from Judge Bennett's decisions have been growing fewer every year.

The fact is, that no circuit judge in this state who has been so long upon the bench, and who has tried so many important and difficult cases, can show a better record than Judge Bennett.

And we reiterate that this gentleman, who is so strong on politics, and so weak on arithmetic and fair dealing, knows that Judge Bennett commands the admiration of the lawyers and of the people all over the state where he has presided in court, for his deep learning in the law, and his great ability as a judge; and that when he tries to convey a contrary impression by making false and one-sided statements he is doing something of which most men would be ashamed.

James A. Fathers, the republican candidate for city treasurer, has been a faithful, hard-working and consistent republican all his life. He was one of the enthusiastic followers of "the plumed knight." No one will question Mr. Fathers' republicanism, or his fidelity to his principles. He deserves and will receive the hearty support of all true republicans, and will be triumphantly elected.

With the excellent composition of the republican city and ward tickets, nothing stands in the way of a sweeping republican victory on April 3.

Averaging It.

The city editor had sent the reporter out to have an interview with a very aged woman they had discovered, and the reporter had come back.

"Well," inquired the city editor, "did you see her?"

"Course I did; that's what I went for."

"How old is she?"

"She said she was 110 years old."

"Very well. When you write your story put her down at 125. The woman isn't living who will tell her real age."

—Detroit Free Press.

Too Small Game.

A well-dressed man called at the office of a celebrated New York law firm, and said to the senior partner:

"I want you to take my case. I am charged with burglary, but I assure you I am innocent as an unborn babe."

Senior Member—You are, eh? We don't want your case. We defend only notorious criminals. You had better go to some young lawyer. —Texas Siftings.

A Retraction.

Jones—I hear you said that I was not good enough for the gallows.

Smith—Yes, that's true.

"Well, you have got to retract."

"Retract what?"

"What you said about my not being good enough for the gallows."

"All right; you are good enough for the gallows."

"Thanks." — Alex Sweet, in Texas Siftings.

Studying His Part.

Father—Here I'm giving you an expensive education so that you shall become a lawyer, hoping that you may eventually occupy a position on the bench, and you spend your time going to prize fights and the races.

Son—It's a necessary part of my studies, father. I want to become a police-justice some day. — Brooklyn Life.

THE HEIGHT OF UNPOPULARITY.

She—You say he is unpopular?

He—Unpopular? He is so unpopular that when he has a cold nobody offers him a remedy for it. — Brooklyn Life.

Easy to Collect.

Miss Waitin—O, Mr. Hangbaque, did you read in the papers about the tax which they impose upon bachelors in Belgium?

Mr. Hangbaque—No. Do they, though?

"Yes. What do you think of it?"

"Pretty good scheme, I should think—no one tries to evade it, I suppose."

—Detroit Tribune.

A Case in Point.

"There are times," said the man with the oratorical manner, "when we are overwhelmed with humiliation at the powerlessness of the human mind."

"That's very true," was the reply. "I am often made to feel so."

"Indeed?"

"Yes. I have a four-year-old daughter who asks questions." — Philadelphia Item.

A MAN OF HIS WORD.

"You will get your money—but I can't settle the bill this month."

"That's what you said last month."

"Well, didn't I keep the promise?" — Fliegende Blaetter.

A Peculiar Case.

"How is your father coming on?" asked Col. Yerger of a dandy he used to own before the war.

"He am dead!"

"Dead, is he? He must have reached an advanced age."

"He did dat, for a fac'. He was libbin' up to de berry day ob his deff." — Texas Siftings.

The Proper Procedure.

"Wasn't that young Mr. Tiff who left the house as I came in?" asked the judge of his eldest daughter.

"Yes, papa."

"Did I not issue an injunction against his coming here any more?"

"Yes, papa; but mamma has granted a supersedeas pending an appeal." — Judge.

Why He Was Late.

Teacher—Why are you late to school?

Boy—The streets are so slippery I couldn't walk.

Teacher—I didn't find them so.

Boy—No, maybe not. You see, I greased my soles so I could slide. — Good News.

Satisfied with Her Lot.

Mr. Pinks—My wife has no sympathy with this female emancipation movement. She says woman's sphere is the home.

Mrs. Strongmind—When were you married?

Mr. Pinks—Last week. — Puck.

Disobliging Landladies.

Poor Pay—I'm in a lot of trouble. The landlady says I'll have to settle up or leave.

Dead Broke—Why, you're in great luck, old man. My landlady says I must settle up before I can leave. — N. Y. Herald.

More Than a Match for Him.

Tom—Somebody ought to warn Mrs. Prettiface that that fellow Smirks, who's paying attention to her, is a miserable flirt.

Jim—Hem! Better warn Smirks. Mrs. Prettiface is a widow. — Chicago Record.

Out of the Mouths of Babies.

Auntie—It isn't good form to hold your fork in that way.

Little Niece—Auntie, do you think it is good form to stare at folks while they are eating? — Good News.

All Blanks.

Mrs. Grymes—Marriage is, indeed, a lottery.

Mrs. Grymes—No, it ain't. There are some few prizes in a lottery. — Halo.

Unfamiliarity Breeds Affection.

"I believe in love at first sight."

"Why?"

"Because at the first sight you don't really know the girl." — Chicago Record.

No Occasion for It.

"Blow, ye winds," the poet wrote; And then he paused in doubt. Alas! he could not think of aught For them to blow about. — Buffalo Courier.

Lays Them All Out.

Binks—There goes a scientific boxer. Winks—He looks more like an undertaker.

Binks—So he is. — Town Topics.

FATHERS WILL WIN BY A BIG MARGIN.

MEN OF BOTH PARTIES WILL SUPPORT HIM.

Democrats Don't Like the Idea of Being Used Merely to Get Office For a Man Who Never Affiliated With Them—Local Political Notes.

James Fathers will be Janesville's next city treasurer. This grows more certain with each day. Many democrats refuse to vote for a man so irregularly nominated.

"We want a straight party man—not a man who cares nothing for either party except for what he can get out of it," said one democrat this morning. "If we must vote for a republican we prefer one who comes out flat-footed and square rather than one who tries to use us democrats to pull his own chestnuts out of the fire. I like Treasurer Murphy and have voted

for him when he ran on the republican ticket, but I will not encourage him in the bunko-game he is trying to work this spring."

Mr. Fathers is receiving many promises of support from men who have always been found among the backers of the present democratic nominee. The idea that merely because a man is refused an office by the republican party he should be entitled to call on the democrats for the same office does not appeal very strongly to the men of Jeffersonian principles.

A significant feature of the campaign is the number of stirring young republicans who are at work, not for any reward but for the good of the party. Several were mentioned for justice in the city convention, among them W. A. Jackson and John Cunningham, but refused although willing to do their full part in supporting the ticket.

The democratic committee has named Elijah Wixom for supervisor in the second ward in place of Dr. W. H. Palmer.

Edward Smith has decided not to run independent for constable of the fifth ward.

No republican has any excuse for scratching his city ticket this year on any office from treasurer down.

The entire democratic machine is opposing Judge Bennett, but hopelessly.

MRS. MORGAN'S DEATH A SAD BLOW.

Many in Whitewater Mourn With Janesville Friends.

Mrs. H. S. Morgan's suicide was a shock to Whitewater as well as to Janesville, the dead woman having many friends in both places. The Whitewater Register says: "Her note said she knew she was doing wrong, but she heard the baby calling for her all the time and she could not help herself. Mrs. Morgan was a bright, attractive young woman, with a large circle of friends, and was happy in her home relations."

Mrs. Anna Knudson.

Mrs. Anna Knudson passed peacefully away at the home of her son, Knud Knudson, 354 South River street, at half past eleven Saturday night, aged eighty-one years. Her husband Ole Knudson, preceded her to the other world fourteen years ago. She came to Janesville with her husband in 1853 and made Janesville her home most of the time since. MANSFIELD'S COMING, AN EVENT.

Opera House Should Be Crowded Next Saturday Night.

Richard Mansfield's production of "Beau Brummel," at Myers Opera House Saturday night, March 24, will undoubtedly prove the greatest event in the year's history of amusements in Janesville. That Mr. Mansfield to day occupies the foremost position among American actors is an undisputable fact, and that he has selected this city for one of three nights he had open between Chicago and St. Paul engagements, is a compliment which we are sure the city of Janesville will sufficiently appreciate, to fill Myers Opera House to the walls on the night of March 24.

WOULD MAKE A GOOD SHERIFF

Edgerton Reporter Says a Good Word for the Chief of Police.

"Who will be the next sheriff of Rock county" is already in some quarters asked and in that connection the Edgerton Reporter says:

"It is pretty generally known that Theo L. Acheson, of Janesville, will be a candidate for the republican nom-

ination with best prospects in view of receiving it. Acheson will make an excellent sheriff. His long service as an officer admirably fits him for the place. He is popular and an all around good fellow and is deserving of recognition."

WHEELLOCK'S CROCKERY HOUSE.

A Fatal Objection.

Manager—Is there anything in your play to which the fastidious could take exception? Anything that would be likely to give offense to a church member, say, or that would call a blush to the cheek of a dramatic critic?

Young Author (eagerly)—Nothing, nothing, I assure you. There isn't a line in it that I would not have my grandmother read; not a word or phrase that is suggestive.

Manager (decidedly)—Then I don't want it.—N. Y. Press.

A Presuming Creature.

Gus De Smith—At the ball the other night you only danced once with Miss Esmeralda Longcoffin.

Johnnie Masher—I can't afford to encourage that girl. What do you think I smell whenever she is around?

"Onions?"
"Worse than that. I smell orange blossoms. She means business, hence I must discourage her. She is not able to support a husband. How presuming the girls are getting to be nowadays."—Texas Sittings.

Beyond His Reach.

Lady—For shame that the young man should smoke in the car! Won't you speak to him, sir?

Solemn Gent—It would be useless, ma'am.

"And why, pray?"
"I'm his father."—Cleveland Plain Dealer.

Faster Than the Wind.

Little Son—The iceboat we made went faster than the wind to-day.

Proud Mother—That is wonderful. But, now I think of it, I didn't notice any wind to-day when I was out.

Little Son—No'm, there wasn't any. We pushed the boat.—Good News.

A Pleasant Prospect.

Mrs. Wayupp—Rev. Dr. Orthodox says that he believes all people in the hereafter will continue the work they began on earth.

Mrs. Highupp—That's just lovely! Then there will be dry goods stores to go shopping in.—N. Y. Weekly.

He Was Equal to the Occasion.

What hours of happiness I spent That day behind the speedy span, When joyfully I sleighing went With Sarah Ann.

The lovelight sparkled in her eye, Her cheeks glowed with crimson tint; She took the reins from me, and I— I took the hint.

—N. Y. Press.

The Argument Becomes Personal.

Tommy—Huh! You needn't feel so stuck up. Your daddy used to drive a milk wagon.

Sammy—I know it. I've heard him say your daddy's been ow'n' him a milk bill of four dollars for more'n sixteen years.—Chicago Tribune.

How She Got a New One.

The Wife—I've quit asking people if my bonnet is on straight.

The Husband—Why, my dear?

The Wife—I love you too much, John, to disgrace you by calling a body's attention to an old bonnet like this.—Truth.

Puzzled to Know.

Old Gentleman (in horse car)—Madam, you are on my foot.

Madam (severely)—If you were gentleman enough to give a lady a seat there would be no trouble.

Old Gentleman—But where is the lady?—Life.

A Slave Indeed.

"Parker is a slave to reason."

"How does he show it?"

"Why, he sat up all night last night trying to find a good reason for taking off one shoe before he removed the other."—Harper's Bazar.

The Usual Difficulty.

"How are you getting along learning to write shorthand?"

"First-rate. I can take down a speech with perfect ease. All I have to learn now is to read my notes."—Chicago Tribune.

THOSE NEEDLESS QUESTIONS.

"Hullo! what is Uncle Silas taking little Tommy into the woodshed for?"
"He's going to take little Tommy on his knee."

"To spank him?"

"Oh, no; of course not. To tell him funny stories."—Harper's Weekly.

Hard Times.

Mrs. Cumso—Don't forget to invite Dr. Killum to our reception. You know he's an old friend.

Mr. Cumso—My dear, we cannot possibly afford it. He charges ten dollars a visit.—Hullo.

Troublesome Children.

Auntie—What a lot of pretty dolls you have.

Little Niece—Yes'm, they is real pretty, but I have so much trouble wif zem. Sometimes I tink they must be all boys.—Good News.

An Exception.

Williamson—Every man is proud of his own work.

Henderson—You are mistaken. No doctor points with pride to one of his funerals.—Truth.

Would Have the Fun Afterward.

His Mother—Tommy, if you fight with little Willie Walters to-day I shall put you to bed for two hours.

Tommy—Put me to bed, now, ma.—Chicago Record.

The Thushness of It.

We have a new house, a good one, that we want to sell cheap, and take as part payment \$1000 of tobacco, of the crops of 1892 and 1893. Here is your chance.

We have a nice genteel business in the heart of the city; no such chance ever before offered, for a good man and wife to earn easily a good living. We will exchange it for a good house and lot, and pay the difference in cash.

We have excellent homes at \$500, \$450, \$1,000, \$1,200, \$1,500; (this one has over 2½ acres of land right in the city, with good house, barn, well, cistern, fruit, &c.); \$1,750 \$2,000 and so along up to \$10,000.

We have seventy acres good land, but cheap, to exchange as part payment on a good home. Land free and clear and will pay some cash difference on home that suits.

We have some money to loan in sums to suit. We want one first class loan of \$1,000 and an other of \$1,500. Free years at per cent.

This is thus, and, we are

ANOTHER OFFER TO INTEREST LADIES.

SOMETHING OF VALUE TO THE GAZETTE'S FRIENDS.

Demorest Patterns Free—The Gazette to Give Them Away to Subscribers Watch for the Coupon Which Entitles You to This Prize—How the Plan Works.

Now here is something for the ladies:

The Gazette has completed arrangements with W. Jennings Demorest, publisher of the famous patterns and also publisher of Demorest's Magazine, by which subscribers to the Gazette will be enabled to obtain any of Demorest's patterns at a nominal expense.

Within a few days the Gazette will publish the picture of one of Demorest's patterns accompanied by a description of the same and will also publish a coupon. This coupon cut from the paper and sent to New York, accompanied by four stamps in postage stamps or money (for postage on the patterns and expense of sending on the order) will procure for subscribers to this paper a pattern of the garment illustrated. All of Demorest's patterns will be subject to this offer and as none cost less than 25 cents and range from that figure to 50 cents it will be seen that this offer means a great saving for the Gazette subscribers.

This offer is of especial value just at present, as so many ladies who usually have their dresses made are economizing by making them themselves. The Best Dressmakers Use Them.

There is a great deal in having the endorsement of practical business people for any article which is offered to the public. The patterns which The Gazette is now offering through its new coupon system have been endorsed not only by the heads of thousands of families throughout the country for a great number of years, but by most of the leading dressmakers of the United States. These people do not use a pattern because it has a fancy reputation, but because they have tested it in comparison with others offered them and found it superior to their purposes. The competition of business compels them to look for the best patterns that can be obtained, because they have to depend upon the superior styles of their garments for sales and they could not afford to use anything but the best.

These patterns are sought by all dressmakers who aim to earn or retain a high reputation for originality and accuracy of either fit or style, consequently they are the best that money can buy. The fact that we offer these patterns for a trifling sum in connection with a coupon clipped from our columns only shows what enterprise can do, for similar patterns cannot be purchased in the ordinary way for many times the price we supply them to our readers.

The coupons for these patterns will appear in The Gazette one each week. Watch for them and get new styles on very easy terms.

Catarrh AND COLD IN THE HEAD

relieved instantly by one application of

Birney's Catarrh Powder

REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes: "I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering."

M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes: "Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrhal Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve."

An International Hymn.
My country 'tis of thee,
Sweet land of liberty,
Of thee I sing.
Land where the wheels are tied,
Land where industries died,
And to the English side
Took rapid wing.
My not we count try, thee,
Land to which paupers flee,
Thy name I love!
I love thy Cleveland frills,
Thy no-trade tariff bills,
Thy Graham, Smith and Mills,
Born from above.
Let music swell the breeze!
Democrats! To your knees
Let swell the song!
Let those who brought this fate,
Their medicine take straight
And three years longer wait
To right the wrong.
Our father, Grover C.,
Mogul of misery,
To thee we sing!
Bear with us if you can;
But if not, like a man,
Say you don't care a darn
For anything.

SANSPAREIL.

FRANK A. SLOCUM is in the city, ar-
ranging for the appearance of Rich-
ard Mansfield, who comes to the opera
house on Saturday evening next. This
is Mr. Mansfield's first appearance in
the city, and the privilege of witness-
ing the great actor's conception of the
fastidious Ben Brummell will be
eagerly looked after by all the culture
of Janesville. No doubt had Mr.
Mansfield chosen another date, he
would have possibly done a much
larger business. But when an intelli-
gent person thinks for one moment he
will discover, that to witness Mr.
Mansfield's performance during the
Lenten season is permissible, as
Mansfield not only entertains, but edu-
cates. From a season of forty weeks,
Mansfield has but one broken week.
That accounts for his visit to Janes-
ville. This is the great event of the
local season, and as Mr. Mansfield is
so thoroughly known, it is safe to pre-
dict that his audience will be limited
only by the capacity of the opera
house—even though it is Lent.

Divorce for Mrs. Ordella Spangler.
Judge Bennett gave Mrs. Ordella
Spangler a divorce from Abraham
Spangler, because Abraham deserted
her and also had a way of gambling
and drinking. Mrs. Spangler was
given custody of the child and its
earnings until twenty-one years of
age, and \$400 permanent alimony, to-
gether with the household effects.

A Small Matter.
A Detroit man, noted for his very
serious and earnest manner, went out
not long ago with his wife to find
apartments. After a time they found
a pleasant place and had agreed to
take it.
"By the way," said the landlady, "I
forgot to ask you if you had any chil-
dren?"
"We have a boy," responded the
mother.
"Indeed? I'm very sorry," protested
the landlady, "but I cannot permit any
children to come into my house."
"Oh, that will be all right," said the
gentleman, encouragingly, but with
great seriousness. "We can fix that
with very little trouble, indeed. We
will just kill the boy," and they went
on to other places which, like heaven,
suffer little children to come unto
them and forbid them not.—Detroit
Free Press.

The Idleness of Proverbs.
"There is no rose without a thorn,"
Is a bit of pessimism silly,
In favor high with those who forget
The sweet and thornless violet
And the unaggressive lily.
—Indianapolis Journal.

Too Many for Him.
"In the matter of family," sighed the
poor man who had married a widow
with nine children, "I seem to have
bitten off more than I can shoe."—Chi-
cago Tribune.

It Did.
A long-ways-from-home southern
darker called at the post office in Moose-

jaw the other day and asked, "Does
dis yere pos' orris keep stamped ante-
lopes?"—Judge.

After Taking.
Ah, yes, indeed, true love will run
Quite smoothly on its course—
But far too often 'tis not done
Till after the divorce.
—Cleveland Plain Dealer.

They Were Rivals.
"Fred says he never believes a word
you say."
"It must be so. He has proposed
five times."—Demorest's Magazine.

What Pains Them.
'Tis not the pain from hook alone
That causes fish to sigh,
But knowing how the anglers all
About their weight will lie.
—Judge.

It Had Lost Its Attraction.
May—So Jennie has given up bicy-
cling, has she?
Elaine—Yes. She says she's got past
the place where as a beginner she
could do graceful falls.—Chicago Rec-
ord.

The Final Test.
A man may be hungry, a man may be faint,
And so cold that he's ready to freeze;
But he isn't completely shut out from the
world,
Till his pantaloons bag at the knees.
—Washington Star.

Played Too Well.
Actor—He can play "drunken parts"
better than anyone in the profession.
Manager—Yes, but the trouble is he
is too fond of rehearsing.—N. Y.
Herald.
